Reasons for Allowance

The following is an examiner's statement of reasons for allowance: Hoult et al (Table 1) show that coumarins and derivatives thereof can have very different pharmacological properties and characteristics and that it would not be obvious to one of ordinary skill in the art to predict that two different coumarins could have the same biochemical and pharmacological characteristics.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
